

Super Pledge

I, TYPE YOUR FULL NAME, pledge to use my candidacy, whenever feasible, to advance the preservation of democracy. **I will officially challenge the results of the election as provided by law if the combination of election conditions, incident reports and announced election results calls into question the reliability of the official vote count.** I will wait until all valid votes are counted and all serious challenges resolved before declaring victory or conceding defeat. I will involve my campaign volunteers in actions to enhance the accuracy and verifiability of the election in which I am a candidate. I will speak out publicly during the pre-election period about the importance of fair, accurate and transparent elections and about this pledge. I will designate a liaison between my campaign and "Standing For Voters" so that "Standing For Voters" can alert me to any red flags they are aware of regarding my election.
